EndNote - Intelligently advance search and publishing by organizing text images and providing built-in Microsoft Word templates for a variety of magazines. Long known for easy bibliographies, EndNote now calls Manuscripts Made Easy. EndNote lets you organize more than just text. Any type of generic image (for example, BMP, TIFF, JPEG) or application files (for example, Microsoft Excel, PhotoShop, ChemDraw) can be managed along with text references using the new image and caption fields in any reference type. You can now apply keywords and search for non-textual data as for references. Hand-picked software titles - just the best! Tested for malware, adware, and viruses.
